To whom it may Concern,

Dear Sir/Madam,

**RE: RECOMMENDATION LETTER WITH RESPECT TO APPLICANT  
CHRISTOPHER PETERSON DANIEL**

I have been requested by the above mentioned applicant to write a reference letter for him.

I have known Christopher during his three years of undergraduate studies at this university. I was his academic advisor and taught him an Animal Breeding course in his final year. Generally he did very well in his undergraduate studies and more so from the fourth semester. He graduated in November, 2015 with an overall GPA of 3.7.

Based on his good overall grade (GPA), he is allowed to pursue postgraduate studies at our university and I am certain he can do equally well in any other university. I have no doubt he can do well in any postgraduate study he is admitted to.

I therefore strongly support his application for further studies at your university.

I look forward to a favourable consideration of his application.

Yours sincerely,

George C. Kifaro (PhD)
